

## ABOUT US

Modern Flames was established in 2008 and has quickly become the innovative leader in contemporary electric fireplace design and technology. After pioneering the linear electric fireplace throughout North America, Modern Flames' brand has skyrocketed with many firsts to market which include; the first linear recessed electric fireplace, the first fully built-in electric fireplace, the first outdoor electric and now the first steam electric fireplace. Modern Flames has reinvented the electric fireplace look with its NEW Hybrid-FX™ flame technology. Modern Flames' products have

gained notoriety with architects, designers, builders and homeowners for its unbelievable life-like flame appearance, ease of installation and affordable cost to the builder compared to wood and gas. With global movement into greener building and high efficiency products, With a new corporate headquarters and expanded warehouse in Phoenix, Arizona, Modern Flames continues to be a leader in the electric fireplace industry. Modern Flames is innovating the industry standards of tomorrow.

# LANDSCAPE PRO™ MULTI STUDIO SUITES

Modern Flames Landscape Pro™ Multi Studio Suites are artfully crafted and American Made. These mantels are specifically designed for our Landscape Pro™ Multi for a wall mount application. Constructed with solid hard woods the Studio Suites are available in a Driftwood Gray, Weathered Walnut, Coastal Sand or white paint grade ready for the DIY'er to finish it off themselves. For the wall mount applications simply attach the Landscape Pro™ Multi to the wall and then attach the Suites mounting brackets for the top and bottom pieces. The additional fireplace that is exposed from the wall will be finished off with the top and bottom wood furniture pieces. These Studio Suites are the perfect way to finish off this fully featured electric fireplace.

# SPECTRUM SLIMLINE SERIES

## Recessed Flush Mount or Wall Mount Electric Fireplace

Modern Flames new Spectrum Slimline has revamped the recessed electric fireplace category. This 2" x 4" or wall mount installation electric fireplace has removed the large black glass surround and is finished off with a sleek 5/8" trim to maximize the viewing area. Hardwoods or tile can be finished right up to the opening of the fireplace while still keeping in mind serviceability. The Spectrum Slimline features high intensity flame and ember bed lighting showcasing our new Hybrid-FX™ flame technology independently controlled with 12 different color options. Other standard features include variable & thermostatic heat, variable motor controls, timer, push button and remote controls. The acrylic crystal media and driftwood logs are both standard media and the Spectrum Slimline is available in 50", 60", 74" & 100" sizes.
